Pastor Sherry's Corner:

### *Summer has arrived!*

I have lost all sense of Spring. Life has come fast and furious the first half of this year. Do you ever feel like you have lost time, wondering what you accomplished in the time gone by? Moments are precious, and we cannot get them back. Time once lost is gone. As you are planning your summer whether that be travel, fun and games at home, or spending time with your church family it is important that you make the most of each minute, that you spend time with family resolving issues and enjoying each other.

It is important to remember that God is always with you helping you walk down the paths that seem rocky and hard AND the paths that are smooth. The rocky hard paths require special attention so that we do not stumble or fall. God is clearing those paths and lifting you over the worst parts. But it is the smooth paths that we forget to keep God first in our lives. So take time this summer to enjoy life and follow God's leading at church, at home and during travel.

Pastor Sherry
